

The Class of 1958 Scholarship

The class of 1958 Scholarship was established in 2018 marking the class 60th year reunion.

It is in remembrance of the many teachers who guided us through 12 years from the North end of the Taylor Avenue school building to the South end of that now gone building.

The scholarship is also in memory of our classmates who are no longer with us.

The purpose of the scholarship is to provide assistance to future Freddie's who pursue post-secondary education and encourage them to give back to the Alumni Scholarship program as they become successful.
